## Slithering Sliding Snake

NURSERY RHYMES 123

Slip, slip, slippery, slithering sliding  
You can't see me, I'm too good at hiding  
So "who are you?" I hear you shout  
Hold on a minute, and you'll find out...

I've got no feet, and I've got no knees  
But I still love to climb up trees  
I sleep in the day, and I come out at night  
Don't pick me up or you might get a bite

I shed my skin when I want to grow,  
And then I get really hungry so  
I sit very still, and I lie and wait...  
Then I reach out and GRAB you  
'Cause I'm a snake! I'm a snake!

I'm a slip, slip, slippery, slithering sliding  
I'm a slip, slip, slippery, slithering sliding  
A slip, slip, slippery, slithering sliding snake

## Hungry Piranhas

NURSERY RHYMES 123

(Nibble nibble, yum yum  
Nibble nibble, yum yum)

Splish, splash, nibble nibble  
Don't step in the river  
We will nibble on your toes  
We will nibble on your nose  
We will nibble on your feet  
We will nibble on your cheeks  
We will nibble up your leg  
We will nibble on your neck

Watch out! Watch out!  
There are piranhas about  
Watch out! Watch out!

There are piranhas about!

Splish, splash, nibble nibble  
Don't step in the river  
We will nibble on your fingers  
We will nibble on your ears  
We will nibble on your palms  
We will nibble up your arms  
We will nibble on your elbows  
We will nibble on your eyebrows

Watch out! Watch out!  
There are piranhas about  
Munch munch, yummy yummy...  
... we're going to nibble on your tummy!

## Crocodile Suit

NURSERY RHYMES 123

When I was only 3, my mother said to me...  
"Don't step on the cracks, or a crocodile will get you"  
I replied, "Ha ha Mummy, I know you're teasing me  
'Cause crocodiles don't live under the ground  
No! Crocodiles don't live under the ground"

So I ran into the yard, where the ground was dry and hard  
And I jumped on all the cracks singing  
"Croccy come and get me!"  
Suddenly I heard a sound, and when I turned around  
A crocodile was right in front of me  
Woah! A crocodile was right in front of me

Well it gave me such a fright, that I began to cry  
And with tears down my cheeks, I said  
"Croccy, please don't eat me!"  
"Don't be sad" the croc replied  
And I was quite surprised how  
The crocodile sounded just like my Mum  
....uh?  
The crocodile sounded just like my Mum

Then I looked up and suddenly I saw  
That this crocodile had soft and furry jaws  
And a zip all the way around its waist  
I said... "you're not a real crocodile!  
You're just a person in disguise,  
And I know who's inside..."

Yeah!  
The crocodile was really just my Mum  
Oh! The crocodile was really just my Mum  
Wearing a crocodile costume  
She said "I'm sorry if I scared you"  
And she gave me a big hug.

## The Sloth's Lazy Lullaby

NURSERY RHYMES 123

People say I'm so lazy,  
Well I don't mind, that's fine by me  
Why live your life so fast?  
Take a minute, just relax  
And breathe  
Ahhh...

Sometimes I like to  
Count the clouds as they go drifting  
Out across the sky, singing one-two-three-four-five  
And watch the sunlight sparkling and  
Dancing through the leaves  
Come and hang around with me, in my tree,  
We can be lazy... lazy...

High up and way out of reach  
I curl up and hide in the leaves  
Where I close my tiny eyes  
Softly sing my lullabies  
And dream...

And in my dreams I  
Count the clouds as they go drifting  
Out across the sky, singing one-two-three-four-five  
And watch the sunlight sparkling and  
Dancing through the leaves  
Come and hang around with me, in my tree,  
We can be lazy... lazy...

## Ants! Ants! Ants!

NURSERY RHYMES 123

(Left, right, left, right, left, right, left, ants!  
Left, right, left, right, left, right, left, ants!)

Some of us are workers and we work for the queen,  
Some of us are soldiers and we're big bad and mean  
Some of us are so small that we've hardly been seen  
But we can rule the jungle 'cause we work as a team

We're ants, ants, ants, take a glance and you'll see,  
That we can rule the jungle 'cause we work as a team

(Left, right, left, right, left, right, left, ants!  
Left, right, left, right, left, right, left, ants!)

We crawl up the tree trunks and we cut down the leaves  
And if you don't watch out then we will crawl up your sleeves  
We tidy up the jungle and we keep it all clean  
And everything is easy 'cause we work as a team

We're ants, ants, ants, take a glance and you'll see,  
That we can rule the jungle 'cause we work as a team  
We're ants, ants, ants, oh! You'd better believe  
That everything is easy 'cause we work as a team

(Left, right, left, right, left, right, left, ants!  
Left, right, left, right, left, right)

## The Jaguar's Dinner

NURSERY RHYMES 123

Down beside the river, the jaguar prowls  
 Creeping through the jungle, as quiet as a mouse  
 She climbs along a branch above the water to see  
 If she can catch a tasty snack to eat for her tea

Suddenly she spies with her jaguar eyes  
 A fish in the river goes swimming by  
 She licks her lips and wiggles her hips and jumps with a splash  
 But she was too slow, it was gone in a flash

She climbs out of the water and shakes off her fur  
 Then over in the bushes, she hears something stir  
 She leaps and bounds towards the sound and dives right in  
 But there was nothing there, it was only the wind...

She's picking out the leaves from her jaguars paws  
 When from the river bank comes the sound of a snore  
 She creeps across to see what is making the noise  
 Her tummy rumbles and she can't believe her eyes  
 Now she won't be hungry in a very long while  
 Because she's caught a sleeping crocodile!

## Monkeys in a Tree

NURSERY RHYMES 123

Monkeys in a tree, monkeys in a tree  
 One, two, three, how many can you see?  
 They hang around, upside down  
 Swinging by their tails in the breeze  
 Oh! Monkeys in a tree

Monkeys on the ground,  
 monkeys on the ground  
 Four, five, six, watch them jump around  
 They laugh and play, and shout "wehey!"

And no-one ever tells them to calm down  
 Oh! Monkeys on the ground

Monkeys in my room, monkeys in my room  
 Seven, eight, nine, ten,  
 chase them with a broom  
 They jump off chairs, and run downstairs  
 And steal all the knives and  
 forks and spoons  
 Oh! Monkeys in my room

## You're A Butterfly

NURSERY RHYMES 123

You were a green and hairy beast  
On juicy plant leaves, you would feast  
All the day, every day

Then underneath some twigs  
You built a chrysalis  
To hide away, nice and safe

Suddenly a great surprise,  
You burst out into the light  
To be free!  
So lovely, lovely

You're a butterfly, a butterfly  
Taking off in flight  
Wearing red and green,  
and blue and gold  
Skipping through the light

You're a butterfly, a butterfly,  
Dancing in the air

Sparkling with wings of glitter  
No more mister caterpillar

You flutter round for hours  
Drinking nectar from the flowers  
It tastes so sweet

You're a master of disguise  
With your wings that look like eyes  
To scare the birds away

You're a butterfly, a butterfly  
Taking off in flight  
Wearing red and green,  
and blue and gold  
Skipping through the light

You're a butterfly, a butterfly,  
Dancing in the air  
Sparkling with wings of glitter  
No more mister caterpillar

## What's an Ocelot?

NURSERY RHYMES 123

You've heard about the jaguar who's always on the prowl,  
You've heard about the snake, the monkey and the crocodile  
You've laid your eyes on butterflies in blue and red and green  
But there's one more jungle animal I bet you've never seen...

The ocelot (ocelot!)  
Who is that? (he's a cat!)  
Who lives among the trees  
He's very very shy

The ocelot (ocelot!)  
 Who is that? (he's a cat!)  
 And when he hears a noise  
 He'll run away and hide  
 So if you want to see him  
 You need... to... be... very quiet...  
 (Shhhh...)

In the deepest jungle when there's no-one else around,  
 If you listen carefully you might just hear a 'yowl'  
 And you know it's not a parrot, or the howling of the wind,  
 It's the sound of the ocelot calling to his friends

The ocelot (ocelot!)  
 Who is that? (he's a cat!)  
 Who lives among the trees  
 He's very very shy

The ocelot (ocelot!)  
 Who is that? (he's a cat!)  
 And when he hears a noise  
 He'll run away and hide  
 So if you want to see him  
 You need... to... be... very quiet...  
 (Shhhh...)

Meow, meow-meow meow meow meow, meow-meow (meow meow meow meow)  
 Meow, meow-meow meow meow meow, meow-meow

The ocelot (ocelot!)  
 Who is that? (he's a cat!)  
 Who lives among the trees  
 He's very very shy

The ocelot (ocelot!)  
 Who is that? (he's a cat!)  
 And when he hears a noise  
 He'll run away and hide  
 So if you want to see him  
 You need... to... be... very, very, very quiet... (Shhhh...)
